ASSIGNMENT

Serial No. 08/538,365
Filed: October 3, 1995

In consideration of One Dollar and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned inventor, or each inventor if more than one, hereby assigns to SOLAR COMMUNICATIONS, INC., an Illinois corporation, its successors and assigns (hereinafter called "said assignee"), the entire right, title and interest in the invention or improvements (hereinafter called "said invention") of the undersigned disclosed in an application for Letters Patent of the United States, entitled **SYSTEM AND METHOD FOR USING AN ORDINARY ARTICLE OF COMMERCE TO ACCESS A REMOTE COMPUTER**, executed by the undersigned on the same day as this Assignment, and in said application and any and all other applications for United States Letters Patent, which the undersigned may file, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States which may be obtained on any of said applications, and in any reissue or extension thereof.

The undersigned hereby authorizes and requests the Commissioner of Patents to issue said Letters Patent to said assignee.

The undersigned hereby authorizes and requests the attorneys of record in said application to insert in this assignment the date and serial number of said application.

For said consideration, the undersigned hereby agrees, upon the request and at the expense of said assignee, to execute any divisional, continuation or substitute application for said invention or improvements, and any oath, declaration or affidavit relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application, and, in the event of any application or Letters Patent assigned herein becoming involved in interference, to cooperate to the best of the ability of the undersigned in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof. The undersigned agrees to perform, upon request, any affirmative acts to obtain said Letters Patent of the United States and vest in said assignee all rights therein, whereby said Letters Patent will be held and enjoyed by said assignee, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.

And for said consideration, the undersigned hereby assigns to said assignee the entire right, title and interest in said invention or improvements for all foreign countries, including all priority rights under the International Convention, and agrees to execute, at the request of said assignee, all documents in connection with any application for foreign letters patent therefor.

ASSIGNMENT

THIS ASSIGNMENT ("*Assignment*") is made and entered into as of December 31, 1998 ("*Effective Date*") by Solar Communications, Inc., an Illinois corporation having its principal place of business at 1120 Frontenac Road, Naperville IL 60563-1799 ("*Solar*") and NeoMedia Technologies, Inc., a Delaware corporation having its principal place of business at 2201 Second Street, Suite 600, Fort Myers FL 33901-3083 ("*NeoMedia*").

WHEREAS, Solar is the owner of the patent applications identified on Schedule 1 (the "*Patent Applications*");

WHEREAS, Solar desires to sell and NeoMedia desires to purchase all right, title and interest in and to the Patent Applications;

NOW THEREFORE, for good and valuable consideration of Five Dollars (\$5.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Solar hereby assigns, conveys and transfers to NeoMedia and its successors and assigns all right, title and interest of every kind throughout the world in and to the Patent Applications, including:

(a) any continuation, continuation-in-part, divisional, re-examination, reissue or other applications that may be based on or claim priority from any of the Patent Applications and any patents that may be issued thereon; including any reissues, renewals, certificates of corrections or extensions that may be granted in connection with such patents;

(b) all rights to the inventions disclosed in the Patent Applications in all countries of the world, including the right to file applications and obtain patents for said inventions in its own name in such countries, including but not limited to all rights of priority in such countries under the terms of the International Convention for the Protection of Industrial Property or the Patent Cooperation Treaty, and

(c) the right to sue for past infringement of the Patents.

Solar hereby authorizes the Commissioner of Patents and Trademarks to issue any patent granted on the Patent Applications to NeoMedia. Solar hereby represents and warrants that it has not executed and will not execute any instrument inconsistent with the rights granted to NeoMedia herein, and it hereby binds itself and its successors and assigns to execute any and all papers and instruments and to do any and all acts which may be necessary or required by NeoMedia in order to carry into full force and effect this Assignment, and Solar further represents and warrants that it hereby binds itself and its successors and assigns to communicate at any time, upon request by NeoMedia, any facts relating to the said inventions and the history thereof known to it, and that it will testify as to the same in any interference to obtain or any

other litigation to enforce the patent or patents which may be granted for said inventions when requested to do so by NeoMedia. At NeoMedia's request, Solar agrees to promptly execute duplicate copies of this Assignment or similar documents as may be required for the purpose of recordation in jurisdictions outside the United States, provided, if applicable, such duplicate copies bear the legend "Duplicate."
